Who Will Submit The Report:

Use this to either always ask your applicants to provide the information we need to start their background check or to always submit it yourself.

Sorting:

Use the convenient dropdown to see your background check packages by the date last used, most commonly ordered or alphabetically.

Report Filtering:

This feature automatically places completed background checks that contain potentially adverse information into the "Needs Review" section of your Report Manager. Otherwise, they will be placed in the "Completed" section.

Use the icon at the top right of your account for additional links to change your account settings, review invoices and quickly find everything else you need.
