

A Collaborative Approach to Screening

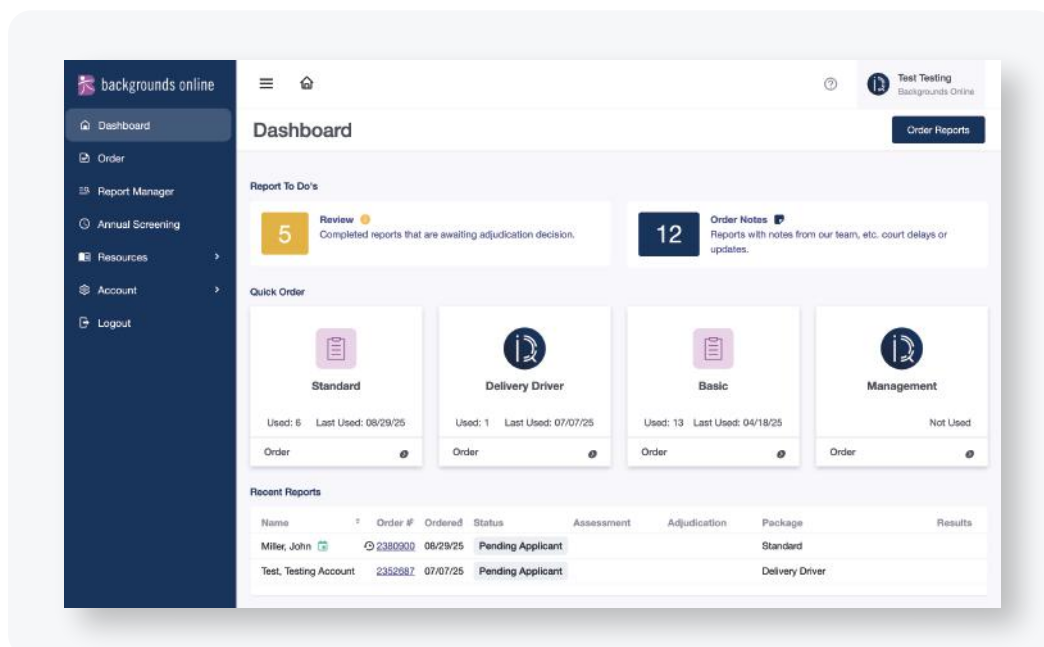

This month, we're expressing appreciation for our ongoing partnerships and the invaluable feedback you all share with us.

Your Feedback Drives Innovation

At Backgrounds Online, we listen and act based on your suggestions. Your input helps us identify pain points in the hiring process and inspires us to design solutions that simplify your workflows and accelerate your screening process. Our recent Backgrounds Online 7.0 launch is an excellent example of how our collaboration results in superior services and inspiring features.

We keep our finger on the pulse of the latest developments in the screening industry and monitor what helps pave the path to a better future for HR professionals. You, our amazing clients, play an integral part in that. By sharing your ideas and submitting requests, you help guide our innovative approach to developing tools that benefit everyone. Thank you for being an important part of our progress.

Synergy

We sincerely believe that our success is built on yours. That's why we take a collaborative, solutions-driven approach to every client relationship. We invest our time to understanding your screening needs. In turn, that empowers us to plan ahead for our mutual success.

We want to hear your thoughts on our recent updates to your account and any suggestions on future enhancements. If you would like to tell us about your experience with our services, share your challenges or even make requests, please contact us. Your account manager and our robust support staff are always happy to hear from you.

Moving Forward

Our team is continuously focused on building a better future. We're consistently developing plans to build:

- Tools that help you remain compliant with local and national laws.
- Fair, transparent screening flows that help expedite your hiring.
- New products that streamline your operations and improve efficiency.

Following the release of Backgrounds Online 7.0, we have many exciting and advantageous initiatives in the works. We've built a strong, flexible foundation on which we can easily add useful features based on our industry expertise and your feedback. Thank you for being an important and ongoing part of our journey.

Contact Us

If you have questions, feedback, suggestions or want to discuss anything related to screening, please contact us. Our friendly, experienced team is available to assist you Monday through Friday from 5am to 6pm PT.
